CONGRESS IN SESSION.

The closing session of the six- penalty is added: ty-second congress met in Washington on Tuesday.

In the brief period remaining before the constitutional limitations bring it to an end and turn many of its members back into private life, fifteen appropriation bills, carrying over\$1,000,000,000 for the support of the government, must be passed; the impeachment of Judge R. W. Archbald of the commerce court, must be tried in the Senate; many investigating committees must conclude inquiries and make their reports; and scores of legislative matters must be disposed of.

Throughout the session, attracting as much attention as the actual work of legislation, will run the preparatory work for the extra session to be called soon after President-elect Wilson takes office March 4th.
